

Jon Owens, President, ESCO Division

As President of The Weir Group's ESCO Division, Jon Owens has responsibility for ESCO's core groups, including Products, Business Development & Smart Solutions, Engineering & Technology, Operations and Global Sales. These groups design, develop and manufacture products and services for mining, construction and industrial wear applications.

Jon Owens joined the Group Executive in July 2018 on completion of the acquisition of ESCO Corporation.

Since joining ESCO in 1986, Jon has held various positions in product management, business development, international sales and marketing, manufacturing and supply chain management. His experience also included responsibility for ESCO's European Division, Mining Business Unit and Asia Pacific Region. Jon became Chief Operating Officer of ESCO in 2014 and President in 2016.
