ESCO Grows New Zealand Presence with New Dealer

Brisbane, Australia—[ESCO Corporation](#), a leading independent manufacturer and provider of highly engineered wear parts and replacement products used in mining, construction, industrial, oil and gas applications, announced today it has reached an agreement with Real Steel Ltd to serve the New Zealand market from Real Steel's supply and service location in Upper Hutt, New Zealand.

ESCO has continued to grow its footprint in Australasia since 2010. This new agreement, which leverages the expertise and personnel of Real Steel Ltd, reflects ESCO's determination to provide quality products and services to mine and quarry customers throughout Australia and New Zealand.

"The agreement with Real Steel means ESCO customers throughout New Zealand will now have easy access to our quality products," said Steve Lennard, Managing Director for ESCO's Australasia region. "Working with the Real Steel team has been seamless and I am confident that ESCO customers will enjoy this new relationship."

"Real Steel is a family-owned business that has grown significantly in the last five years and we see the enormous value that we can bring to our customers by partnering with ESCO. They have a strong reputation for top quality, innovative and safe products that are critical to our mining and quarry customers' performance," said Luke Mathieson, Managing Director for Real Steel Ltd.

For more information about [Real Steel](#) or to speak to the team, please call +61 1300 GO ESCO.
