Kenneth Kingston
Quality Manager
Esco Turbine Technologies – Cleveland
34000 Lakeland Blvd
Eastlake, Ohio 44095

Dear Kenneth Kingston:

The report of the Nadcap accreditation audit of your facility on April 02–April 04, 2007 has been approved for Nadcap accreditation. Please note that your Nadcap certificate is valid until January 31, 2009.

Accordingly, we have enclosed your certificate of accreditation, your scope of accreditation, and a logo sheet with a description on the use of the PRI Mark of Conformity.

Your audit report is available on–line, but should you require an official hard–copy of your audit report, you must formally request it in writing and a copy will be provided to you when published (allow 4 weeks for publication).

Nadcap accreditation entitles your organization to appear in the Qualified Manufacturers List (QML).

Please note that if any changes occur within your company (i.e., ownership, key managerial staff, equipment, company name, quality manager, address, etc.) that may affect your capability or scope of accredited activities, you are required to notify PRI Staff by completing the "Notification of Change/Request for Revised Certification" form located in eAuditNet.com/Resources/Public Documents/General Documents immediately.

We would like to congratulate you on your achievement in meeting the stringent requirements of Nadcap Accreditation.

If you have any questions concerning the Nadcap Process, please contact PRI Headquarters at +1 (724)772–1616.

Sincerely,

Louise Belak
NDT/WLD Committee Service Representative
