

SUPPLIER NOTIFICATION

“Notice: ESCO Corporation’s Steel Foundry Products contain the following chemicals subject to the United States Environmental Protection Agency’s Section 313 of the Emergency Planning and Community Right to Know Act of 1986 (“EPCRA”): chromium (CAS#: 7440-47-3; Weight %: 0 - 35.0); nickel (CAS#: 7440-02-0; Weight %: 0 - 15.0); manganese (CAS#: 7439-96-5; Weight %: 0.1 - 25.0); molybdenum (CAS#: 7439-98-7; Weight %: 0.1 - 2.0); and cobalt (CAS#: 7440-48-4; Weight %: 0.0 - 1.0). Our Steel Foundry Products also contain aluminum (CAS#: 7429-90-5; Weight %: 0.00 - 3.0), which is subject to Section 313 in a fume or dust form. For additional information, please consult the Material Safety Data Sheet for our Steel Foundry Products available for download at <http://www.escocorp.com/MSDS.html>. If you sell or otherwise redistribute our products to others, please provide them with this Notice.”
